CARRIZO, LINCOLN COUNTY, NEW MEXICO, FRIDAY, AUGUST 27, 1915.

PRICE \$1.50 PER YEAR

CARRIZO SCHOOL OPENS SEPT. 6TH

The Coming Year Promises to be the Most Successful in The History of The School

MANY IMPROVEMENTS HAVE BEEN MADE ON BUILDING

The public school will open Monday, Sept. 6th for enrollment and classification, faculty meeting and preliminary arrangements for the work of the coming term. The regular work of the first semester will begin Tuesday morning at 8:20 for the high school department and at 9:00 for the grades.

The local school management has left undone nothing in keeping with its resources to make the building adequate for the increased attendance. The building has been thoroughly renovated, the walls tinted, the floors scrubbed and oiled, new adjustable curtains installed in every classroom, the outbuildings overhauled and freshly painted, new doors put in, both front and rear, the blackboards renewed and reslated, in fact, everything will be in the best of order for the beginning of work for the new year.

In the way of equipment, there has been ordered enough additional manual training apparatus to accommodate twelve pupils working at one time, a domestic science laboratory equipment, complete in every detail; forty new desks for the grades; tablet arm chairs for high school use, and eighteen-gallon bubbler drinking fountain for the first floor and the piano has been tuned by an expert. By the opening of school the auditorium will be converted, by an arrangement of partitions into three classrooms, and negotiations are now in progress to provide quarters for domestic science and manual training in some of the buildings of the town.

Meanwhile the question of a high school building will be kept alive, and work will be begun as soon as funds are forthcoming from the regular sources or arrangements will be made for the financing of the construction work to enable the erection of the building at an earlier date. The patrons of the school may rest assured that the board of trustees is aware of the need of more room for the various school activities and will not cease their efforts to fully provide until the task is accomplished.

The faculty for the year 1915-16 will consist of ten teachers. The work which has been assigned to these instructors is as follows:

Andrew McCurdy, superintendent in the high school, Mrs. E. V. Jewett, Principal, Henry C. Franklin, Manual Training and History. Mr. McCurdy will conduct classes as before. In the grades, Miss Eva Felton, Primary, Miss Mildred Peters, Second grade, Mrs. Nora Massie Third Grade, Mrs. Ethel G. Cather, Fourth Grade, Miss Mamie Humphrey, Fifth and Six Grades, Miss Hanna Greenburg, Seventh and Eighth Grades, Mrs. Harry G. Clunn, Supervisor of Music.

Concerning the qualifications of

the recent addition to the teaching force the following facts will be interesting.

Miss Felton is a primary specialist of long experience in this state. She has taught with success in the Alamogordo City schools and comes to us from the primary department of the Flagstaff, Arizona, schools. She holds a life certificate in New Mexico, has done special kindergarten and primary work in Ferris Institute and has had conferred upon her the degrees of bachelor of pedagogy and master of pedagogy.

Mrs. Cather has done special educational work in the University of Nebraska, is a normal graduate in her native state and has a number of years of successful work to her credit. That her work will prove of the highest order there can be no reasonable doubt.

Miss Greenburg has done advanced work both at Cornell University and the University of Chicago. She holds a life certificate in New York State and has also a life certificate granted her by this state. Her professional work is second to none and her teaching has been correspondingly successful. She is thoroughly qualified to fill her important place in the school administration.

Mrs. Clunn is a most enthusiastic musician, nor could a real musician be otherwise. Coupled with her excellent taste are years of careful training in piano technique and voice culture, a course in Miss Fleming's Public Music School of Chicago. This latter course is based directly upon the work as outlined in the new educational Music Course used in the Carrizozo school so it is reasonable to expect most excellent results in this department. The same advantages will be accorded to every pupil as in time past, but as Mrs. Clunn will devote all of her time to music, she will give piano instruction, to all who desire, upon the school piano. Two lessons per week will be given at \$5.00 per month. The management hopes to pay the salary of supervisor of music in this way. Mrs. Clunn will also give vocal instruction at out-of-school hours at her own terms. We are glad to announce her engagement for the coming year.

Mr. Franklin comes to us directly from the summer term of the Silver City Normal. His work there has been of the highest character, his training of the very best. He will supervise the work in manual training, have charge of the department of history, and coach teams in all branches of athletics. There has been a long felt need of a young man to relieve the superintendent of many extra duties connected with the operation of the school and Mr. Franklin's employment is the solution of a well-equipped instructor.

The public is therefore urged to give the school, as in time past, its hearty and sympathetic support. Any member of the school board or faculty will be glad to give his attention to any suggestion, knowing that no loyal patron will offer anything but constructive and kindly criticism. Mutual welfare demands a sympathetic spirit; it will be our endeavor to give you the very best of our time and talent, but it takes co-operation to do it. There will be trouble enough in the ordinary routine of school life to not invent any from other sources. Let us all pull together and the school will be felt as never before as the silent but resistless power in community welfare.

Sincerely,

Andrew McCurdy

TWO BIG FESTIVAL DAYS OCT. 1 AND 2

Carrizozo Invites all of Lincoln County to be Present on the Above Dates For Two Days of Real Sports

THERE WILL BE SOMETHING DOING EVERY MINUTE

It is with genuine pleasure that we hereby announce the annual Field Day celebration for Carrizozo and community. A meeting of representative citizens and business men was held last Tuesday evening and all preliminaries definitely settled. Committees were appointed, attractions determined and all tentative plans fully drawn up. The date was set for Friday and Saturday, October first and second, and the usual universal invitation is this year made even more universal if such a thing be possible.

To the customary features of the two days, such as horse racing, base ball and basket ball games, will be added a number of new events. No stone is being left unturned to make this celebration outshine all previous Field Day programs. The big free barbecue which will be had on Saturday, will be given with all the hospitality of a Christmas dinner and there will be as ever, enough for all and then some.

The Ladies' Civic League of Carrizozo has united with the Commercial Club and the ladies will have especial charge of the reception and entertainment of visitors. The ladies are a wide awake and organized power for accomplishing things, and they will be strictly on the job in making the world feel Carrizozo's welcome to our city.

Both evenings there will be dancing with the best music obtainable. Manager Dingwall of the Crystal theatre will be right there with up-to-date reels right from the exchange. In short Carrizozo is going to spread her already sizeable self to accommodate with all good cheer all who design to partake.

Various interested parties from all over the county have been making inquiry both verbally and by letter concerning this fall's celebration and the date of the festivities. In a word, this festival has come to be a part of each autumn, nor would the year be complete without it. One feature which is entirely new is the exhibit of the county's produce which will be displayed later at the State Fair in Albuquerque. That this exhibit will be a real educational feature and an eye opener to the wonderful agricultural resources of Lincoln County, is a safe prediction. Here is one phase of the Fall Festival which is alone worth a journey of many miles.

Suffice it to say, that this will be anything but a two by four celebration. It will represent the people of Lincoln County, appeal to their ideas of things worth while, let them know what the farmers and ranchers of every section of this extensive region are doing to

make the very best showing in their respective callings. And it will be a time when everybody is happy and good fellowship is the word. If you and every member of your family miss this annual treat, offered free as the air by Carrizozo to all who will indulge in genuine hospitality, you have failed in that extent in doing your duty toward yourself and them. Welcome!

NEW BAKERY

M. Doering and Leon W. Nuhn will open a bakery in Carrizozo in a few days, to be known as the Pure Food Bakery. A large portable oven and other utensils are here, and the only thing lacking is the dough trough, which will be here in a few days. Mr. Nuhn is an experienced baker, having had charge of some of the largest bakeries in the country. The bakery will be located in the building formerly occupied by W. J. Doering, first door north of Commercial hotel.

BUSY WITH SCHOOL CENSUS

Superintendent McCurdy has been giving his personal attention the past week to the enumeration of the school census of this district. On account of the size of the district, and the number of new families constantly coming in, it has hitherto been almost impossible to enumerate every unmarried person between the age of five and twenty-one years of age. As the apportionment of state money for school support depends directly upon this count, it behooves every patron to direct the enumerator's attention to any newcomers in order that the just deserts of the district may be realized. Carrizozo is the logical educational center of Lincoln county. Let the enumeration show it more decidedly than ever before.

CHARGED WITH FRAUD

Another of this week's cases for consideration before the local justice's court is an alleged attempt to defraud in which Vincent Real is the complainant and W. R. Meredith, a traveling man, is the defendant. Real charges that Meredith contracted with him for automobile service in making the island town of this region, and that Real had furnished said service to the extent of \$135.00 worth. Meredith cannot see his way clear to agree to all the above depositions, and the matter will come up for further courting at 2:30 this afternoon. Meredith has given bond for appearance at this time with H. S. Campbell and Dr. E. B. Walker as bondsmen, five hundred dollars being the amount named in the document.

BUYS BURREL HOUSE

The Burrel Hotel and the building adjoining have been purchased by M. Doering. A suit for possession by the agent of the property was given a hearing last Tuesday before justice of the peace Ed Massie. Further hearing in the matter will be held next Saturday in the same court. It is the intention of Mr. Doering to make necessary repairs and to put the building into light housekeeping rooms.

MISS HATTIE BAXTER DIES AT LINCOLN

Funeral Services Were Held Here Wednesday Afternoon at the Baptist Church. Interment in Local Cemetery

WAS A NATIVE OF THE STATE OF MISSISSIPPI

The entire community was saddened by the death of Miss Hattie Lou Baxter which occurred in Lincoln Tuesday of this week. Coming to Carrizozo some six months ago in company with her brother, the young lady sought recovery or relief from the dread white plague. Her condition grew sufficiently alarming to warrant her transfer to the tubercular sanitarium of Dr. Laws at Lincoln. The change was made about one month ago. Although human power was done to check the inroads of the relentless disease, but death came to the sufferer's relief on the date above mentioned. The body was immediately brought to this place and prepared for burial by undertaker Kelly. At five thirty Wednesday evening the funeral services were conducted from the local Baptist church, Rev. E. D. Lewis of the Methodist church officiating. Beautiful floral offerings were provided by sorrowing friends whom so short an acquaintance had attracted and a choir of local singers sang of heaven and homeland. Interment was made in Evergreen Cemetery.

The deceased leaves as a survivor an only brother, John W. Baxter, who is employed as a machinist in the El Paso and Southwestern shops at this place. The bereaved brother extended the sympathy and condolence of a large circle of friends, having journeyed here from Caledonia, Mississippi, and working at his trade nearby in the hopes of effecting a cure or extending the life of his lamented sister.

PLACED UNDER PEACE BOND

Constable Chas. A. Stevens made a trip to Lincoln last week and Nicholas Maes, Solomon Aragon and Nicente Aragon returned with him to answer to a complaint filed in Judge Massie's court by one Eusebio Cartojal. The complainant alleged fear of violence to his person and property, said fear being based upon various uncomplimentary remarks and menacing threats by the above-mentioned defendants. The examination of witnesses revealed the fact that these parties, who are sheep men operating in the vicinity of the former county seat, have been accusing each other of theft of live stock and bordering upon open feud for many years. Conditions brought forth by the trial warranted the placing of each of the three men under a peace bond awaiting appearance before the next term of district court at which time the duration of the bond will be extended or the accused released from further confinement.

Many families are moving into Carrizozo to take advantage of the superior school privileges offered here. They are all welcome to our city.

Carrizozo Invites Everyone to be Present at the Field Days, Friday and Saturday, Oct. 1 and 2
